Think big | Bank small

## "Together, we're building incredible kids."

This year, nearly 3,000 kids in our community will learn, have fun and grow in an incredible environment – thanks to the **Boys & Girls Clubs of Larimer County**.

Each Clubhouse is much more than just an after-school "rec center." Staff members lead structured programs in the arts, sports, computers, and daily school work. The result: incredible kids who feel great about themselves, succeed in school, and contribute to our community.

When the Boys & Girls Clubs recently needed help to build a new facility in Loveland,

**Home State Bank** stepped up with special financing and a capital contribution.

If you'd like to help enrich the lives of thousands of kids every year, call the Boys & Girls Clubs of Larimer County. But if you're looking for a bank that's as strongly committed to our community as you are, call **Home State Bank 203-6100**.
