

Barn Quilts

Block Size 4½" X 5½" Project Size 9" X 36"

Cutting for one barn block; make 8 total

- 1—2½" X 4½" dark/medium for barn roof
- 2—2½" X 2½" light for sky
- 1—1½" X 1½" dark/medium for star center
- 8—1" X 1" dark/medium for star points (from same fabric as above)
- 8—1½" X 1½" dark/medium for barn
- 2—1" X 3½" dark/medium for barn (from same fabric as above)

Note: the Bloc Loc Flying Geese ruler 2" X 4" works great for the roof/sky sections. Although cutting and construction instructions in this pattern do not use this method, ample yardage is provided for use with the Bloc Loc ruler.

Cutting for pieced border:

- 4—1½" X 5½" variety of dark/medium/lights side border
- 1½" X a variety of lengths of dark/medium/lights border; all lengths should add up to approx. 167"

Block Construction—Instructions are for one barn block; make 8 total

Draw a diagonal line on the wrong side of the two squares of light for sky. Lay one square right sides together on a barn roof rectangle. Stitch along the drawn line. Trim the outer portion of the sky square away. Press the remainder of the sky out. If the outer portion of the sky doesn't meet the outer portion of the roof rectangle don't worry. You can use the rectangle as your guide when stitching later. Repeat for other side. Set aside.

Using two star point squares and one barn fabric square create a flying geese section in the same manner as above. Repeat to create 4 total.

Create the barn by stitching as shown below. Press toward squares without star points and rectangles. Add roof/sky section. Press toward roof/sky. Repeat to make 8 barns. Stitch barns together in a row.

Stitch 1½" X 5½" border pieces to each side as shown. Piece the remaining border pieces 1½" X a variety of lengths to create 4 top and bottom sections that measure 36½". Add two sections to the top and two to the bottom.
